

Control photos with the brevet card in Munich

Every participant of the ARA Munich Brevets must register with the Digital Brevet Card, even if the digital brevet card is not used but the classic stamp card.

Sometimes it is difficult/impossible to find open control points. In these cases, the control is done exclusively by photo proof.

So you must always have a cell phone with camera function or a camera with you.

Make sure that the date and time of the camera are set correctly.

When taking photos, the control point and the bicycle must be clearly visible. Specifications for the control photos are available for each brevet in the download area.

At the latest 48 hours after the end of the brevet you have to upload the control photos.

We do not accept control photos sent by e-mail!

1. registration with the "digital brevet card"

Enter the following address in your browser:

<https://ebrevet.audax-randonneure.de/registrierung.php>

The following screen appears, please enter your data.

Important: The e-mail address must be identical to the one you used to register for the brevets.

It's not possible to register two or more participants with the same e-mail address!

The image displays two side-by-side screenshots of the registration form. The left screenshot is in German, titled 'Digitale Brevet-Karte Registrierung', and features a yellow background. It includes an 'E-Mail-Adresse:' field with the example 'randonneur@email.com', a warning 'Achtung: Für jeden Teilnehmer wird eine eigene E-Mail-Adresse benötigt!', and a 'Name:' section with 'Vorname' and 'Nachname' sub-fields. An 'Absenden' button is at the bottom. The right screenshot is in English, titled 'Digital Brevet Card Registration', and has a blue background. It includes an 'E-Mail address' field, an attention note 'Attention, for each participant a separate e-mail address is required!', and a 'Name' section with 'First name' and 'Last name' sub-fields. A 'Send' button is at the bottom.

You only have to register once for the digital brevet card. The registration is also valid for all other brevets, ARA locations and years, as long as you do not change your email address.

2. Confirm login and assign password

After registration you will receive a confirmation mail for verification.

Click on the link in this mail. You will then be asked to enter a password.

3. Log In

After assigning the password, you can access the digital brevet card with your e-mail and password at the following link:

<https://ebrevet.audax-randonneure.de/login.php?return=%2F>

The screenshot shows the login form on the 'Digitale Brevet-Karte' page. It features a yellow background and a silhouette of a cyclist. The form includes fields for 'E-Mail:' and 'Passwort:', a 'Abschicken' button, and a link for 'Passwort vergessen oder noch nicht vergeben? Hier klicken!'.

The screenshot shows the 'Digital Brevet Card' page with a blue background. It contains the text: 'E-Mail', 'Password', 'Send', and 'Password forgotten or not yet assigned? Click here!'.

It is recommended to save the login address in the browser under favorites and do not forget the password!

After successful login you will see the following screen and at the bottom the brevet(s) for which you have been registered.

The screenshot shows the 'Digitale Brevet-Karte' page after login. A blue callout box points to the hamburger menu icon (three horizontal lines) in the top left corner, stating: 'Clicking on the dashes will take you to the menu'. The page has a yellow background and a silhouette of a cyclist. A red message box says 'Bitte erst ein Brevet auswählen.' Below this, the text reads 'Brevet auswählen (registriert als jkurzke@web.de)'. A message says 'Bitte ein Brevet auswählen!' and a dropdown menu shows 'Bad Tölz am 26.03.2021'.

The screenshot shows the 'Digital Brevet Card' page after login with a blue background. It contains the text: 'Please select a brevet first', 'Select brevet (registered as)', and 'Please select a brevet!'.
